Workers' Champion - The bot that helps you fill out workers' compensation forms for free. Here's how:

If you have a workers' compensation case and need help filling out the Petition for Benefits Determination, the Affidavit, or the Request for Expedited Hearing, you can use Workers' Champion - the WC Bot to help you. Here's how to use the WC Bot.

1. [Click here to create an account](#) and get started. You will see a screen to either create an account or log in. If you have never used the WC Bot before, you need to make a log in using email and a password. You have to make an account to use the WC Bot. The account does not share any of your personal information. The account lets you log out and come back to the form when you need to.
2. After you create an account, you need to log in.
3. When you log in, you will pick the form that you would like help with.
4. You can answer the questions by typing or talking to the bot.
5. If you need to pause and come back, that is ok. Make sure to log out.
6. Your personal information in the bot is not shared with anyone.
7. Have more questions? [Click here to learn more](#) about getting set up with WC Bot.

[Bureau of Workers' Compensation](#)

If you need help with your workers' compensation case, you can talk to the Bureau of Workers' Compensation Ombudsment to get information about the workers' compensation process. To learn more about the Bureau of Workers' Compensation you can visit their website or [read our blog post about their resources.](#)
